## CHAIRMAN`S STATEMENT

### Distinguished Shareholders,

On behalf of the Board of Directors, I welcome you all and take immense pleasure and delight in addressing the 8<sup>th</sup> Annual General Meeting of the company. I also want to thank you the honorable shareholders for joining us to make the event successful.

With pleasure, I present the Report of the Board of Directors along with the audited financial statements for the year 2014-2015. It gives me immense pleasure that we get the opportunity to meet with all of you, discuss on the performance of the concerned year of the company and sharing the views of each others.

We believe that our consumers deserve and expect high quality products for which we strive hard to match their expectations at all the times. After expansion of the project our production capacity of refined rice bran oil has increased to 48 MT/day from the previous 24 MT/day. You will be glad to know that for ensuring safe and high quality products for our consumers we are successful to create a tremendous demand in the market. As a result our revenue has been increased from 132.37 crore to 176.34 crore and growing day by day. This could not be possible without your continuous support, conscious suggestion, Boards prudent strategic decision and management's successful execution.

I on behalf of the Board would like to express my sincere thanks to the respected shareholders for the confidence respond on the Board of the company throughout the year. I am also grateful to the Bangladesh Securities and Exchange Commission, Dhaka Stock Exchange Limited, Chittagong Stock Exchange Limited, Registrar of Joint Stock Companies & Firms, and Central Depository Bangladesh Limited, Banks and Financial Institutions for their support and patronage extended to the company from time to time.

I embrace your support and seek your co-operation for a brighter future for all.

Sd/-  
**(Syed Monwarul Islam)**  
Chairman

## DIRECTORS' REPORT

### Dear Shareholders,

On behalf of the Board of Directors of Emerald Oil Industries Limited, it is a great pleasure for me, as the Managing Director and the Management Team to welcome you all in the 8<sup>th</sup> Annual General Meeting.

The Board of Directors is pleased to take the opportunity to present you the Audited Financial Statements of the Company for the year ended 30<sup>th</sup> June, 2015, Auditors' report and the Directors' Report thereon along with Company's performance and other matters in terms of Companies ACT 1994, the guideline issued by Bangladesh Securities and Exchanges Commission and Bangladesh Accounting Standards.

After being listed with DSE and CSE, this is the 2<sup>nd</sup> AGM that we are going to conduct. The management of the company is striving hard to increase performance, which will give better return in the long run.

### Product Line

The Main product of the company is rice bran oil, which is sold under the company's own brand name "SPONDON" packed in 1 litre, 2 litre, 5 litre bottle, 8 litre bottle & Tin and 16 liter Tin.

In the processing of rice bran, De-oil Rice Bran (DORB), Fatty Acid, Wax, Gum & Spent Earth are produced as by-product.

### Business Performance

In the year of 2014-2015, the revenue stood at Tk. 1,763.37 Million which is 33.21% higher than the previous year, which was Tk. 1,323.75 million. The net profit after tax during the year, increased to Tk. 152.82 million with compared to Tk. 83.51 of previous year.

### Financial result and appropriation of profit

Particulars	2015 Tk. in million	2014 Tk. in million
Net Profit for the year (After Tax)	152.82	83.51
Add. Prior year adjustment (Provision for tax)	27.97	-
Add: Previous year's Surplus	129.73	116.72
Profit available for appropriation	310.52	200.23
Less: Recommended for appropriation (10% Stock Dividend and 10% Cash Dividend for 2014-2015 and 5% Stock Dividend and 10% Cash Dividend for 2013-2014)	98.70	70.50
Un-appropriated Profit	211.82	129.73

### Industry outlook and possible future developments in the industry

Demand for the antioxidant-rich rice bran oil is rising exponentially on the back of increased health consciousness among urban people. After an intense awareness campaign, particularly among housewives, demand for rice bran oil increased from 15-20 tons a day in 2012 to 70-100 tones now and Consumers started switching to rice bran oil from other edible oil.

We had faced a lot of difficulties during the initial days -- people were completely oblivious to the existence of rice bran oil and its health benefits. But at the present the rice bran oil holds very good market potential. We have the raw materials and there are many rice mills that can supply it. Our country produces more than 5 crore tons of paddy a year, which yields 40 lakh tons of rice bran.

Although Rice bran oil's growing demand has also created expectations of bringing down the country's import dependency for cooking oil. At present, the country spends over Tk 10,000 crore a year to import 14-15 lakh tones of edible oil against the domestic demand of 18 lakh tones. Bangladesh, however, also imports some additional volumes of de-oiled bran to meet the demand for the poultry industry.

Bangladesh has recently started to export rice-bran oil to India through Benapole port. Rice millers of Bangladesh have been exporting rice-bran to India for many years. Nowadays Export of the oil to India is increasing by the day as the oil has huge demand in the neighbor country. Rice bran oil worth 1,84,500 US Dollar was exported to India through the Benapole land station in a month. Revenue earnings through the land port have also increased with the export of rice bran oil. The land port earned Tk 1.35 crore by exporting 215 metric tons rice bran oil to India in a month.

The government plans to impose a temporary ban on rice bran exports with a view to promoting the flourishing local rice bran oil manufacturing sector. Export Promotion Bureau (EPB) & Commerce Ministry have taken initiatives to discourage rice mill owners from exporting rice bran to India. The government has already imposed a 10% supplementary duty on rice bran export in the budget for the current fiscal, reducing the volume of rice bran export remarkably.

In addition, the government directed husking mill owners, the major rice producers in the country, to fix auto crushers in the mills in order to avoid loss of grain and produce more rice bran. Upon implementation of the order, production of rice bran would be higher than the demand in the country.

It is hoped that with the increased capacity and demand, our revenue as well as profit will be increased in the coming year.

### Segment-wise or product-wise performances

There is no segment wise product. However, product-wise revenue has been given in Note No. 22 in notes to the accounts.

### Risks and concerns

Risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service, which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company to increase their customer base.

Strong brand-loyalty of the company's products to its customers has enabled the company to capture significant market share in the sector. The company is also continuously penetrating into the market and upgrading the quality of the products to minimize the market risks.

### Discussion on Cost of Goods Sold, gross Profit Margin & Net Profit Margin

Particulars	2015		2014 (Re-stated)	
Cost of Goods Sold	1,381.95	78.37%	1,054,362,787	79.65%
Gross margin	381.42	21.63%	269,390,961	20.35%
Net margin for the year	152.82	8.67%	83,505,811	6.31%

### Discussion on continuity of any extra ordinary gain –loss

There was no extra-ordinary gain or loss in the Financial Statements 30 June 2015.

### Basis for related party transaction

Related party transaction is shown in note no. 24 in notes to the accounts.

### Significant variance occurs between Quarterly Financial performance and Annual Financial Statements.

There is no significant variance occurs between Quarterly Financial performance and Annual Financial Statements.

### Remuneration to Directors including Independent Directors

## MANAGING DIRECTOR'S DECLARATION TO THE BOARD OF DIRECTORS

In accordance with the notification of Bangladesh Securities and Exchange Commission No. BSEC/CMRRCD/2006-158/134/Admin/44 dated 07, August 2012, we the undersigned hereby certify to the Board that:

We have reviewed financial statements for the year ended on June 30, 2015 and that to the best of our knowledge and belief:

- a) These statements do not contain any materially untrue statements or omit any material fact or contain statements that might be misleading;
- b) These statements together present a true and fair view of the Company's affairs and are in compliance with existing accounting standards and applicable laws;
- c) There are, to the best of our knowledge and belief, no transactions entered into by the company during the year, which are fraudulent, illegal or violation of the company's code of conduct.

Sincerely yours

Sd/-  
**(Syed Hasibul Gani Galib)**  
Managing Director

## AUDIT COMMITTEE REPORT

Emerald Oil Industries Limited having an Audit Committee as a sub-committee of the Board of Directors in order to assist the Board of Directors in ensuring and fulfilling its oversight responsibilities.

The audit committee of Emerald Oil Industries Limited of the following Board members:

- |  |            |
|--|------------|
| 1. Mr. Md. Shamsul Huda (Independent Director) | : Chairman |
| 2. Mr. Sajan Kumar Basak (Director)            | : Member   |
| 3. Mr. Amitabha Bhowmik (Director)             | : Member   |

### The scope of Audit Committee was defined as under:

- Review and recommend to the Board to approve the quarterly, half-yearly and annual financial Statements prepared for statutory purpose;
- Monitor and oversee choice of accounting policies and principles, internal control risk Management process, auditing matter, hiring and performance of external auditors;
- Review statement of significant related party transactions submitted by the management;
- Carry on a supervision role to safeguard the systems of governance and independence of statutory auditors; and
- Review and consider the report of internal auditors and statutory auditors' observations on internal control;

### Activities carried out during the year

The Committee reviewed the integrity of the quarterly and annual financial statement and recommended to the Board for consideration. The Committee had overseen, reviewed and approved the procedure and task of the internal audit, financial report preparation and the external audit report. The Committee found adequate arrangement to present a true and fair view of the activities and the financial status of the company and didn't find any material deviation, discrepancies or any adverse finding/observation in the areas of reporting.

### Recommendation

## AUDITORS' REPORT

# TO THE SHAREHOLDER OF EMERALD OIL INDUSTRIES LIMITED

We have audited the accompanying financial statements of **Emerald Oil Industries Limited** which comprises the Statement of financial position for the year ended June 30, 2015 along with Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards, Companies act 1994, Bangladesh Securities & Exchange Rules 1987 and other applicable rules & regulations. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing, those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the financial statements give a true and fair view of the financial position of **Emerald Oil Industries Limited** as of June 30, 2015 and of its financial performance for the year then ended in accordance with Bangladesh Financial Reporting Standards and comply with the Companies Act 1994, the Securities and Exchanges Rules 1987 and other applicable laws and regulations.

We also report that;

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- b) in our opinion proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- c) the company's Statement of financial position, Statement of Profit or Loss and Other comprehensive income, Statement of Changes in equity and Statement of Cash Flows dealt with by the report are in agreement with the books of accounts.
- d) the expenditure incurred was for the purposes of the company's business.

### 2.03 Other Regulatory Compliances

As required, Emerald Oil Industries Ltd complies with the following major legal provisions in addition to the Companies Act 1994 and other applicable laws and regulations:

- a) The Income Tax Ordinance 1984
- b) The Income Tax Rules 1984
- c) The Value Added Tax Act 1991
- d) The Value Added Tax Rules 1991
- e) The Securities and Exchange Commission Rules 1987
- f) The Customs Act 1969

### 2.04 Basis of Measurement

The financial statements have been prepared on historical cost basis.

### 2.05 Functional and Presentation Currency

These financial statements are prepared in Bangladesh Taka (Taka/Tk.), which is the company's functional currency. All financial information presented in Taka has been rounded off to the nearest integer.

### 2.06 Use of Estimates and Judgment

The preparation of these financial statements is in conformity with BFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

### 2.07 Presentation of Financial Statements

The presentation of these financial statements is in accordance with the guidelines provided by BAS 1: Presentation of Financial Statements, The Financial Statement comprises:

- a) Statement of financial position
- b) Statement of profit or loss and others comprehensive income
- c) Statement of changes in equity
- d) Statement of cash flows and
- e) Notes to the financial statements, comprising a summary of significant accounting policies and explanatory information.

## 2.08 Reporting Period

The financial period of the companies covers twelve months from 01 July 2014 to 30 June 2015.

## 2.09 Date of Authorization

The Board of Directors has authorized these financial statements on October 28, 2015.

## 3.00 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently (otherwise as stated) to all periods presented in these financial statements.

### 3.01 Property, Plant and Equipment

#### 3.01.01 Recognition and Measurement and Disclosure

Items of property, plant and equipment are measured at cost less accumulated depreciation less impairment loss, if any. Capital work-in-progress represents the cost incurred for acquisition and/or construction of property, plant and equipment that were not ready for use at the end of 30 June 2015 and these are stated at cost.

Cost includes expenditure that is directly attributable to the acquisition of asset. The cost of self constructed asset includes the cost of material and direct labour, any other costs directly attributable to bringing the assets to a working condition for their intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

#### 3.01.02 Pre-Operating Expenses and Borrowing Costs

Interest and other incurred by the company in respect of borrowing of fund are recognized as expenses in the period in which they incurred unless the activities that are necessary to prepare the qualifying assets for its intended use are in progress. Expenses capitalized also include applicable borrowing cost considering the requirement of **BAS 23: Borrowing Costs**.

#### 3.01.03 Subsequent Costs and Maintenance Activities

The company recognizes in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when the cost is incurred, it is probable that the future economic benefits embodied with the item will flow to the company and the cost of the item can be measured reliably. Expenditure incurred after the assets have been put into operation, such as repair and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of fixed assets, the expenditure is capitalized as an additional cost of the assets. All other costs are recognized to the profit and loss account as expenses if incurred. All up-gradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

#### 3.01.04 Disposal of property, plant and equipment

On Disposal of property, plant and equipment, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sales proceeds.

### 3.01.05 Maintenance Activities

The company incurs maintenance cost for all its major items of property, plant and equipment. Repair and maintenance costs are charged as expenses when incurred.

### 3.01.06 Depreciation

Depreciation on all items of Property, Plant & Equipment other than Land & Land development is computed using the reducing balance method so as to write off the assets over their expected useful life. Depreciation on Property, Plant & Equipment has been charged on acquisition of Property, Plant & Equipment when it is available for use.

After considering the useful life of assets as per BAS-16, the annual depreciation rates have been applied as under which is considered reasonable by the management.

Category	Rate of Depreciation	
	30.06.2015	30.06.2014
Land & Land Development	-	-
Building & Other Civil Works	5%	5%
Plant & Machineries	10%	10%
Electrical & Gas Line Installation	15%	15%
Furniture & Fixtures	15%	15%
Office Decoration	15%	15%
Office Equipment	20%	20%
Vehicle	20%	20%

### 3.02 Capital Work-in-Progress

Property, plant and equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is complete and measured at cost.

### 3.03 Intangible Assets

#### 3.03.01 Recognition and Measurement

Intangible assets are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible asset is recognized when all the conditions for recognition as per BAS 38: Intangible assets are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

#### 3.03.02 Amortization

Amortization is recognized in the statement of comprehensive income on straight line method. The estimated useful life for computer software is 10 years and Campaign film is 5 years.

### 3.04 Inventories

Inventories comprise of raw materials, Finished goods, Processing Material, Packing Materials and Stores & Spares. Raw materials and Stores and Spares have been valued at average cost. Finished goods have been valued at lower of net realizable value and total of cost of material and other production Overhead attributable to bringing the goods to the state of sale under the convention of BAS-2.

### 3.05 Accounts Receivable

Accounts receivable is initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at cost less impairment losses due to uncollectibility of any amount so recognized.

### 3.06 Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory or expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to profit and loss account.

### 3.07 Cash and Cash Equivalent

Cash and cash equivalent include cash in hand, cash at banks which are held and available for use by the Company without any restriction.

### 3.08 Contingencies

Contingencies arising from claims, litigations, assessments, fines, penalties, etc. are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated.

### 3.09 Going Concern

During the year the entity had achieved net profit after tax of Tk.152,821,245 & from the aforesaid earnings of profit the company can run as a going concern in the foreseeable future.

### 3.10 Income Tax & VAT

#### Current Tax

A provision @ 25% on 50% of the profit except other income of the company has been provided during the year as the 50% income of the company is exempted from tax for the year as per PARA 45 of Sixth Schedule Part-A of the Income Tax Ordinance, 1984. However provision 25% is made on total others income of the company.

#### Deferred Tax

Deferred tax is provided for all temporary differences comprising between the tax base of assets and liabilities and their carrying amounts in financial statements in accordance with the provision of BAS-12.

#### Value Added Tax (VAT)

No VAT is applicable on the sale proceeds of the company as the company's sales is exempted from VAT under Table-3, Heading No.-15.15, H.S.Code-1515.90.00 of SRO No. 180/Law/2012/638-VAT of the VAT Act, 1991.

### 3.11 Revenue Recognition

In compliance with the requirements of BAS - 18: Revenue, revenue from receipts from customers against sales is recognized when products are dispatched to customers, that is, when the significant risk and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods.

### 3.12 Borrowing Costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of qualifying assets are recognized in profit or loss using effective interest method. Borrowing cost incurred against loan for BMRE project has been capitalized under effective interest rate method.

### 3.13 Statement of Cash Flows

Cash flow statement is prepared in accordance with BAS-7 titled "Statement of Cash Flow" and the Cash flow from operating activities has been presented under direct method.

### 3.14 Statements of Changes in Equity

Statement of changes in equity is prepared in accordance with BAS-1 "Presentation of Financial Statements". This statement reflects information about the increase or decrease in net assets or wealth.

### 3.15 Earnings Per Share

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard (BAS) -33 which has been reported on the face of Statement of Profit on Loss.

#### Basic Earnings Per Share

The Company present its basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

#### Diluted Earnings Per Share

No diluted earnings per share is required to be calculated for the period as there was no scope for dilution during the year.

### 3.16 Employee Benefit Schemes

Workers Profit Participation Fund (WPPF)

During 2011-12, The company has introduced Workers Profit Participation Fund for its employees in accordance with provisions of Bangladesh Labour Act, 2006 (Sec-232(1)).

### 3.17 Related Party Transactions

The Company carried out related party transaction only with key management personal. The information as required by **BAS 24: "Related party Disclosure"** has been disclosed in notes to the accounts (Note:24).

### 3.18 Events After the Reporting Period

In compliance with the requirements of **BAS10: Events after the reporting period**, post Balance Sheet events that provide additional information about the company's position at the reporting Date are reflected in the financial statements and events after the Balance Sheet date that are not adjusting events are disclosed as under:

The Board of Directors of the company in its 72th Board Meeting held on October 28, 2015 at 3.30 p.m. has recommended 20% dividend in the form of 10% Stock and 10% Cash for the year ended 30 June 2015.

### 3.19 Net Asset Value per Share (NAVPS):

Net Asset Value per share (NAVPS) has been calculated by dividing net asset value reported in the statement of financial position by the number of ordinary shares in issue.

### 3.20 Comparative

Comparative information has been disclosed in respect of the previous year for all numerical information in the financial statements and also the narrative and descriptive information when it is relevant for understanding of the current year financial statements.

Previous year's figure has been re-arranged whenever considered necessary to ensure comparability with the current year's presentation as per **BAS-8: "Accounting Policies, Changes in Accounting Estimates and Errors"**

### 3.21 General

Figures appearing in the financial statements have been rounded off to the nearest Taka.

## 4.00 RISK FACTORS & MANAGEMENT'S PERCEPTION ABOUT THE RISKS

An investment in Equity Shares is not always risk free. Sometimes it involves a high degree of risk. Before making an investment in the Equity Shares, please carefully consider all the information in this Prospectus including the risk and uncertainties described below. If any of the following risk actually occurs, our business, financial condition and results of our operations could suffer, the trading price of our equity shares could decline and you may lose all or part of your investment:

### 4.01 Interest Rate Risks

Financial market of Bangladesh has been experiencing volatile interest rate over the year. Unfavorable movement of interest rate enhances the cost of fund of the company and could adversely affect the business and future financial performance.

#### Management Perception

Management of the Company is aware about the interest rate volatility and always sourcing bank loan at competitive market rate. On the other hand management emphasizes on equity based financing to reduce the dependency on bank borrowings. Nevertheless, it may not always be possible while funding of local procurement of raw materials is done against bank borrowings.

### 4.02 Exchange Rate Risks

The company faces foreign exchange rate fluctuation risk as the Company imports small portion of raw materials like hexane, phosphoric acid, bleaching earth, citric acid etc. against payment of foreign currency. Unfavorable volatility of foreign currency may affect the profitability of the company.

#### Management Perception

Cost of imported materials for the company is insignificant compared to total cost of production. On the other hand, all other market players in edible oil industry faces very high exchange rate risk as they operate based on import of entire raw materials. This provides the company in a favorable position to manage exchange rate fluctuations.

### 4.03 Industry Risks

#### (a) Competitive Market for Edible Oil

Presently, Edible oil industry of Bangladesh is very much competitive. Soybean Oil and palm oil dominate the whole edible oil industry in Bangladesh. For the first time Rice bran oil emerged as an

alternative to Soybean Oil and palm oil in our market. Demand, supply, consumption, competitive scenario, etc of Rice bran oil are the triggering factors for successful operation of the company.

#### **Management Perception**

Rice Bran Oil is currently being considered as the world's healthiest edible oil that contains vitamins, antioxidants, nutrients and free from trans fat. It can help lower cholesterol, fight diseases and enhance the immune system, fat free radicals and more. Rice Bran Oil is used to fry, sauté, in salad dressings, baking, dipping oils and where ever you use cooking oil.

Increasing health consciousness of general people and due emphasis of the Government in this sector, the demand for rice bran oil is growing very fast. These are important ingredients for defining unique selling proposition (USP) for marketing the products. The Company also foresees growing demand for its products. With the proposed expansion and strengthening financial condition due to the public issue the company will be in a very strong position to develop effective marketing strategies and compete in the market in order to grab emerging market opportunities

#### **(b) Market penetration**

The company has recently introduced the rice bran oil in the market where the imported as well as local brands of rice bran/soyabean oil have already been dominating huge local edible oil market. In case the company fails to secure market for its products at the desired price, profitability as well as growth of the company may be seriously affected.

#### **Management Perception**

Since commencement of operation the company is in a position to sale the entire product of oil in the local market. With the increasing awareness as well as continuing branding campaigns for the product the retail sale has been growing which is expected to increase further. In view of growing demand as well as higher margin in retail sales the management feels that profitability can be safely maintained in the future years.

#### **(c) Sourcing of Raw Materials**

Main raw material for the project is rice bran which is available locally. The company collects rice bran usually from five nearer districts (i.e. Sherpur, Mymensingh, Tangail, Natrokona, Jamalpur). Except rice bran, the project requires hexane, phosphoric acid, bleaching earth, citric acid etc as raw materials, which are usually sourced from abroad.

#### **Management Perception**

The risks on sourcing raw materials are very limited. There are 460 auto rice mills in these five districts and these mills produce around 3,11,645 kg of rice bran every day (Source: Bangladesh Rice Mills Association). The sponsors of the company developed very strong network with most of these rice millers. As a result, the company has been enjoying smooth flow of raw materials since inception of the company and expected to continue the same.

### **4.04 Market and Technology-Related Risks**

Technology plays an important role for the existence of a company. Innovation of a new and cost effective technology may render the existing technology obsolete, which may cause negative impact on the performance of the company.

#### **Management Perception**

Management of EOIL is very much aware of this risk. The company took initiative to expand its production capacity with the latest technology to minimize the market and technological risk.

#### 4.05 Potential or Existing Government Regulations

Adverse Changes in the regulations governing the edible oil and compounded animal feed industries may bring adverse effect on our business growth, financial condition and operational performance.

##### Management Perception

The edible oil industry is one of the high regulated sectors in Bangladesh and has stringent laws for consumer protection. Any change in the statutory and regulatory framework for edible oil as well as the compounded animal feed industry will have impact on the business of all market players almost equally.

#### 4.06 Potential Changes in Global or National Policies

Performance of the Company will be hampered due to unfavorable changes in national as well as global policy. Furthermore, the performance of the Company may adversely affect due to unavoidable circumstances like political turmoil both in Bangladesh and worldwide.

##### Management Perception

Any change in the global and national policy will affect all the market players almost equally. However, impact of change in global policies will be very negligible because EOIL operates its business based on local raw material. On the other hand, rice bran oil is the new introduction in Bangladesh. Hence, as far as national policy is concerned, rice bran oil sector is not expected to face any adverse effect in near future.

#### 4.07 Operational Risks

Shortage or non-availability of power and gas may adversely affect the manufacturing processes of the factory. In addition, shortage in treated water, flawed machineries etc. may disrupt the company's operational activities which in turn will affect the quality of refined rice bran oil.

##### Management Perception

Manufacturing process of our Company requires substantial amount of power, gas and fuel. To facilitate the manufacturing facilities, company has adequate power backup from own fuel generator along with adequate Rural Electrification Board of Bangladesh (REB) load sanction. In addition, the company gets required water from its own water treatment plant. However, shortage of gas supply may increase our dependency on the usage of furnace oil which will increase our cost and may have an adverse impact on our profitability.

#### 4.08 Non - operating History

Any interruption in the operations of the company affects the company's image as a going concern. This is crucial for every company to operate its business activities in an ongoing basis. Failure to do so would result in loss in profitability in the long run as the fundamentals of the company are also influenced by such factors.

##### Management Perception

There is no history of non operation in case of Emerald Oil Industries Ltd.

#### 4.09 Dependability on Agricultural Production (Paddy)

The business of EOIL is very much dependent on agricultural production particularly Paddy. If the paddy production is hampered due to any environmental reasons then the production of main raw material of rice bran oil i.e. rice bran will be also hampered. As result, production of EOIL will be affected due to lack of main raw material i.e. rice bran.

##### Management Perception

If there is a shortfall of paddy production due to adverse climatic conditions, performance of our company may also be affected adversely. Any significant increase in the prices of these raw materials or decrease in the availability of the raw materials could also adversely affect our results of operations.
