## CHAIRMAN'S MESSAGE TO SHAREHOLDERS

Dear Shareholders,

Assalamu Alaikum,

It is indeed a great privilege and honor to welcome you all to the 9th Annual General Meeting of Emerald Oil Industries Limited. Thank you for your support, guidance and loyalty over the years.

At first we regret to inform you that, in March 2016, Mr. Syed Hasibul Gani Galib, Managing Director of the company was arrested by the Anti Corruption Commission for loans taken from Basic Bank Ltd., which ultimately became a national issue. There was several negative news about the MD as well as the company in the newspapers and among the dealers, distributors, retailers and the customers also, which seriously hampered the business of the company. For which we could not do well particularly in the last quarter resulting in reduction in the revenue as well as profitability of the company. Beside this, the result of operation is good with compared to prior year.

On the other hand, we would like to inform you that after getting the bail of the mentioned case the Managing Director went abroad for medical treatment of severe kidney disease. He was about to return in 25 November 2016, but unfortunately he does not communicate with us until then for unknown reasons. We tried to communicate with him several times and waited for him, but failed to communicate until date. Due to like this unconsciousness behavior we are passing a recession period.

The top management of the company are trying their best and we hope the worst situation will be overcome within a couple of month.

Most sincere thanks to our Consumers, Bankers, Financial institutions, Suppliers, Bangladesh Securities & Exchange Commission, Dhaka Stock Exchange Limited and Chittagong Stock Exchange Limited, CDBL, RJSC, Tax authorities and Auditor of the company who extended their continue support, co-operation, suggestion & guidance for running our business successfully.

Finally, we would not be where we are today without the hard work, dedication and unwavering commitment of our Management team and staffs.

Sincerely,

Sd/-

**Syed Monwarul Islam**  
Chairman

# REPORT OF THE DIRECTORS

## Dear Shareholders,

It is a great pleasure for us to welcome you all to the 09th Annual General Meeting of the Emerald Oil Industries Limited.

We feel honored to submit you the Annual Report together with the Auditors' Report and Audited Financial Statements of the Company for the year ended 30 June 2016.

The Directors' Report is prepared in compliance with Section 184 of the Companies Act 1994 and Bangladesh Securities and Exchange Commission's (BSEC) notification no. SEC/CMRRCD/2006-158/134/Admin/44 dated 07 August 2012.

## I. Industry outlook and possible future developments in the industry

We had faced a lot of difficulties during the initial days - people were completely oblivious to the existence of rice bran oil and its health benefits.

Demand for the antioxidant-rich rice bran oil is rising exponentially on the back of increased health consciousness among urban people. After an intense awareness campaign, particularly among homemakers, demand for rice bran oil increased during the last few years and consumers started switching to rice bran oil from other edible oil.

The rice bran oil holds very good market potential. We have the raw materials and there are many rice mills that can supply it. Our country produces more than 5 crore tons of paddy a year, which yields 40 lakh tons of rice bran. Although Rice bran oil's growing demand has also created expectations of bringing down the country's import dependency for cooking oil. At present, the country spends over Tk. 10,000 crore a year to import 14-15 lakh tones of edible oil against the domestic demand of 18 lakh tones and increasing year to years.

Currently there are 15 rice bran oil mills in Bangladesh and they are capable to produce 2.5 lakh tones oil in a year which ultimately reduces the demand supply gap and dependency on import.

On the other hand, there is a good demand of rice bran oil in India. Bangladesh already started to export rice bran oil in India, which is increasing day by day. We also are expecting to start export in the coming years.

It is hoped that with the increased demand within the country as well as abroad, our revenue and profit will be increased in the coming years.

## II. Segment-wise or product-wise performances

There is no segment wise product. However, product-wise revenue has been given in Note No. 21 in notes to the accounts of the financial statements.

## III. Risks and concerns

Risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service, which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company to increase their customer base.

Strong brand-loyalty of the company's products to its customers has enabled the company to capture significant market share in the sector. The company is also continuously penetrating into the market and upgrading the quality of the products to minimize the market risks.

An unexpected incident occurred in the company, which seriously hampered the business of the company. The Anti Corruption Commission arrested the Managing Director of the company in March 2016 for loans taken from Basic Bank Ltd. There was several negative news about the MD as well as the company in the newspapers and among the dealers, distributors, retailers and the customers also, which affected the business badly.

Moreover, the Managing Director is now in abroad for medical treatment of severe kidney disease. He was about to return in 25 November 2016, but unfortunately he does not communicate with the board until then for unknown reasons. The other member of the board tried to communicate with him several times, but failed to communicate.

If the Managing Director does not back re-arrangement of delegating powers and responsibilities of overall management shall reduce the risk of the business.

#### IV. Discussion on Cost of Goods Sold, gross Profit Margin & Net Profit Margin

Particulars	2016		2015 (Re-stated)	
	Amount	Percentage	Amount	Percentage
Cost of Goods Sold	1,422.76	76.92%	1,381.95	78.37%
Gross margin	426.83	23.08%	381.42	21.63%
Net margin for the year	180.72	9.77%	152.82	8.67%

#### V. Discussion on continuity of any extra ordinary gain or loss

There was no extra-ordinary gain or loss in the Financial Statements 30 June 2016.

#### VI. Basis for related party transaction

Related party transaction is shown in note no. 33 in notes to the accounts.

#### VII. Utilization of proceeds from public issues and/ or rights issues:

There was no public issue or right issue offered during the year.

#### VIII. Financial results after the company goes for Initial Public Offering (IPO), Repeat Public Offering (RPO), Rights Offer, Direct Listing, etc.:

The company listed with Dhaka Stock Exchange Ltd. & Chittagong Stock Exchange Ltd. on 10 March 2014 & 13 March 2014 respectively and financial performances after listing has been disclosed in Sl. No. XVIII (Key operating Financial Data of last preceding 5 years).

#### IX. Variance between Quarterly Financial performance and Annual Financial Statements:

The company's EPS reduced to Tk. 3.33 per shares with compared to 3rd quarter ended 30 March 2016 which was Tk. 3.79 per share due to substantial fall in the revenue in the last quarter i.e. April to June 2016 quarter. The average revenue for first three quarter was Tk. 57.31 crore whereas in the last quarter it was Tk. 13.04 crore. We were doing well during the first half of the year, which continued up to 2nd month of the third quarter but the disaster happened when the Managing Director of the company was arrested by the Anti Corruption Commission in March 2016 for loans taken from Basic Bank Ltd., which ultimately became a national issue. There was several negative news about the MD as well as the company in the newspapers and among the dealers, distributors, retailers and the customers also, which seriously hampered the business of the company. The management of the company tried their best but could not overcome the situation, which continues the 1st quarter of the next year.

We hope the worst situation will be overcome and the company shall continue its past performance within a couple of months.

## X. Remuneration to Directors including Independent Directors:

The remuneration to Directors including Independent Directors has been shown in the notes to the Financial Statements, Note No. 23.

**XI. The financial statements prepared by the management of the issuer company present fairly its state of affairs, the result of its operations, cash flows and changes in equity.**

**XII. Proper books of account of the company have been maintained.**

**XIII. Appropriate accounting policies have been consistently applied in preparation of the financial statements and that the accounting estimates are based on reasonable and prudent judgment.**

**XIV. IAS/ BAS/IFRS/BFRS, as applicable in Bangladesh, have been followed in preparation of the financial statements and any departure there-from has been adequately disclosed.**

**XV. The system of internal control is sound in design and has been effectively implemented and monitored.**

## XVI. Going concern:

Though the company made a net profit after tax of Tk. 180,721,878 during the year but the company could not repay its banks'/financial Institutions' loans in due time which resulted in anti-corruption commission filing a lawsuit against the Directors as well as the company as detailed in 3.08 of the Financial Statement. This resulted from company's liquidity being stuck up in the inventories, receivables and advances due to increase of the production by the company, advances given to suppliers for supply of raw material, generous credit terms allowed for market expansion.

The management of the company is trying their best to overcome this situation and has decided to reorganize the management, arrange some other financing sources for smooth operation of the business. In the opinion of the management, the company shall overcome all the obstacles within the shortest possible time. Therefore, the management adopted going concern basis for preparation of the financial statement.

## XVII. Deviation from the last year's operating results:

There is no significant deviance from the last year's operating results except as stated in Sl. No. IX of this report.

## XVIII. Key operating Financial Data of last preceding 5 years

### **Auditor**

The Company's statutory Auditor Mahfel Huq & Co., Chartered Accountants has completed 1st year of audit of financial statements of the company for the year ended June 30, 2016 and have submitted their report accordingly to the shareholders of the company. As per the terms of their appointment, they retire at this meeting. The auditor has expressed willingness to re-appoint for the financial year 2016-2017. The Board of Directors of the Company recommended for appointment of Mahfel Huq & Co., Chartered Accountants as auditor of the company for the year of 2016-2017 with the fee of Tk. 2,30,000 including VAT of Tk. 30,000 subject to the approval of shareholders in the 9th Annual General meeting of the company.

## Corporate Governance

Good governance and ethical conduct provide the foundation for everything we do at Emerald Oil Industries Ltd. We aim to tackle challenging issues head on, make our communications and processes simple, hold everyone accountable and empower all our employees to do what is right. Our Code of Business Conduct helps employees make ethical decisions. We believe continuous supervision in every business practice is the key to sustain in a leadership role. Therefore our company is directed, administered and complied with the set of laws, policies and procedures exerted in Bangladesh Securities & Exchange Commission's (BSEC) Notification No. SEC/CMRRC-D/2006-158/134/Admin/44 dated 07 August 2012, Company ACT 1994 and Listing Regulations 2015 by Dhaka Stock Exchange Ltd. The Directors' declaration, Shareholding pattern for the year ended June 30, 2016 are appended as Annexure respectively. Further, the Corporate Governance Compliance Report and a Certificate of Compliance required under the said Guidelines, as provided by Mohammad Ata Karim & Co. is also annexed to this report.

## Acknowledgment

In conclusion, we would like to express our sincere thanks to our valued shareholders, Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange Ltd. (DSE), Chittagong Stock Exchange Ltd. (CSE), Central Depository of Bangladesh Ltd. (CDBL), RJSC, Banks and other business associates for their valuable suggestions, continuous support and co-operation extended during the period under review. We would like to thank our auditor for their efforts for timely completion of the audit. We also thank to our dedicated management team and employees whose hard work and firm commitment made this year a successful one. We hope to get all of your support, advice and encouragement for our continuous growth.

Thank you all.

On behalf of the Board of Directors,

Sd/-

Chairman

# AUDIT COMMITTEE REPORT

## Dear Shareholder,

On behalf of the Audit Committee, I am pleased to present its report for the year ended 30 June 2016. During the year, the Audit Committee reviewed statutory reports, year-end results, key areas of judgment and complexity, critical accounting policies, provisioning and any changes required in these areas or policies. In addition, the Audit Committee reviewed the interim results announcement, which included the interim financial statements and the company's interim management results.

During the year, the Audit Committee opined that the internal control system including internal audits, financial and operational controls, accounting systems for timely and appropriately recording of purchase and sales, receipts and payments, assets and liabilities and the reporting structures are adequate and effective.

Audit committee also overseen the interim results and the audit outcomes with management and external auditor. It also reviewed the point(s) raised by external auditors in their management letter and the responses of the management thereto.

The audit committee of Emerald Oil Industries Limited of the following Board members:

1. Mr. Kazi Tarek Mahmud (Independent Director) : Chairman
2. Mr. Sajan Kumar Basak (Director) : Member
3. Mr. Amitabha Bhowmik (Director) : Member

## Report of the Committee during the year

Significant issues and judgments that were considered in respect of the 2015-2016 financial statements and auditing procedures were as follows:

- a) The critical accounting policies, significant judgments and practices used by the Company are in compliance with required laws and regulations and recommended by the Board. The audited Financial Statements of the company together with consolidated statements with its subsidiary and associate for the year ended 30 June 2016 represent fair and authentic view of the company's financials.
- b) Compliance of BAS and the disclosure of its financial information under BFRS have been maintained and the interim financial statements are prudent and credible.
- c) The state of compliance with Corporate Governance and other regulations as per the requirements of The Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange Ltd. (DSE) and Chittagong Stock Exchange Ltd. (CSE) were ensured.
- d) The recurrent related party transactions entered into by the Company during 2015-2016 are observed and verified.
- e) The scope and extent of internal audit has been checked; and the adequacy of resources to maintain vigilant internal audit process has confirmed and appropriately placed thereto.

The Audit Committee also recommends regarding the appointment of External Auditors, reviews their Expression of Interest and auditing fees. In the year under review, the Committee assessed the ongoing effectiveness as well as quality of the external auditor and audit process and recommended Mahfel Huq & Co., Chartered Accountants, for re-appointment as the external auditor of the Company for the year ending on 30 June 2017.

# INDEPENDENT AUDITORS' REPORT

## To the shareholders of EMERALD OIL INDUSTRIES LIMITED

We have audited the accompanying financial statements of EMERALD OIL INDUSTRIES LIMITED, which comprise the Statement of Financial Position as at 30 June 2016 and the Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity, Statement of Cash Flows and Notes to the financial statements, including a summary of significant accounting policies and other explanatory information for the year ended 30 June 2016.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Financial Reporting Standards (BFRSs), Bangladesh Accounting Standards (BASs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws & regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with relevant ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Basis for Qualified Opinion

- a) The evidence with respect to inventory having a carrying amount of BD TK. 721,497,136 was limited as we could not observe the physical inventory count as of 30 June, 2016. As a result, physical existence of the inventory on 30th June, 2016 was difficult to ascertain.
- b) The company has reported an amount of BDTK. 165,425,110 as advance against rice bran purchase in the financial statements. During audit, we sent balance confirmation letters to all of the parties to whom advance was made but no response received till the reporting date. As a result, we could not confirm the amount of advance reported in the financial statements.

### **Qualified Opinion**

In our opinion, except as stated in our "Basis for Qualified Opinion" paragraphs above, the financial statements prepared in accordance with Bangladesh Accounting Standards (BASs), Bangladesh Financial Reporting Standards (BFRSs) give a true and fair view of the state of the affairs of the company as at 30 June 2016 and of the results of its operations and its cash flows for the year then ended and comply with the requirements of the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations.

### **Emphasis of Matter:**

We draw attention to Note 3.08 and 3.09 to the financial statements:

Emerald Oil Industries Limited has been unable to repay loans from BASIC bank and loan facilities have been suspended and litigation has been lodged against the Company and its directors by Anti Corruption Commission (ACC). Our opinion is not qualified in respect of this matter.

### **We further report that:**

- (a) We have obtained all the information and explanation which to the best of our knowledge and believe were necessary for the purpose of our audit and made due verification thereof;
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- (c) The company's statement of Financial Position and Statement of Profit or Loss and Other Comprehensive Income dealt with by the report are in agreement with the books of account; and
- (d) The expenditure incurred was for the purpose of the company's business.

### **3.01 Property, Plant and Equipment**

#### **3.01.01 Recognition and Measurement and Disclosure**

Items of property, plant and equipment are measured at cost less accumulated depreciation less impairment loss, if any. Capital work-in-progress represents the cost incurred for acquisition and/or construction of property, plant and equipment that were not ready for use, are stated at cost.

Cost includes expenditure that is directly attributable to the acquisition of asset. The cost of self constructed asset includes the cost of material and direct labour and any other costs directly attributable to bringing the assets to the state of its intended use and the costs of dismantling and removing the items and restoring the site on which they are located.

#### **3.01.02 Borrowing Costs**

Interest and other expenses incurred by the company in respect of borrowing of fund are recognized as expenses in the period in which they incurred unless the activities that are necessary to prepare the qualifying assets for its intended use are in progress. Expenses capitalized also include applicable borrowing cost considering the requirement of BAS 23: Borrowing Costs.

#### **3.01.03 Subsequent Costs and Maintenance Activities**

The company recognizes in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when the cost is incurred, it is probable that the future economic benefits embodied with the item will flow to the company and the cost of the item can be measured reliably. Expenditure incurred after the assets have been put into operation, such as repair and maintenance is normally charged off as revenue expenditure in the period in which it is incurred. In situation where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefit expected to be obtained from the use of fixed assets, the expenditure is capitalized as an additional cost of the assets. All other costs are recognized to the profit and loss account as expenses if incurred. All up-gradation/enhancement are generally charged off as revenue expenditure unless they bring similar significant additional benefits.

#### **3.01.04 Disposal of property, plant and equipment**

On Disposal of property, plant and equipment, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the income statement, which is determined with reference to the net book value of the assets and net sales proceeds.

#### **3.01.05 Maintenance Activities**

The company incurs maintenance cost for all its major items of property, plant and equipment. Repair and maintenance costs are charged as expenses when incurred.

#### **3.01.06 Depreciation**

Depreciation on all items of Property, Plant & Equipment other than Land & Land development is computed using the reducing balance method so as to write off the assets over their expected useful life. Depreciation on Property, Plant & Equipment has been charged on acquisition of Property, Plant & Equipment when it is available for use.

After considering the useful life of assets as per BAS-16, the annual depreciation rates have been applied as under which is considered reasonable by the management.

Category	Rate of Depreciation	
	30.06.2016	30.06.2015
Land & Land Development	-	-
Building & Other Civil Works	5%	5%
Plant & Machineries	10%	10%
Electrical & Gas Line Installation	15%	15%
Furniture & Fixtures	15%	15%
Office Decoration	15%	15%
Office Equipment	20%	20%
Vehicle	20%	20%

### 3.02 Capital Work-in-progress

Property, plant and equipment under construction/acquisition is accounted for as capital work-in-progress until construction/acquisition is complete and measured at cost.

### 3.03 Intangible Assets

#### 3.03.01 Recognition and measurement

Intangible assets are measured at cost less accumulated amortization and accumulated impairment loss, if any. Intangible asset is recognized when all the conditions for recognition as per BAS 38: "Intangible assets" are met. The cost of an intangible asset comprises its purchase price, import duties and non-refundable taxes and any directly attributable cost of preparing the asset for its intended use.

#### 3.03.02 Amortization

Amortization is recognized in the statement of comprehensive income on straight line method. The estimated useful life for computer software is 10 years and Campaign film is 5 years.

### 3.04 Inventories

Inventories comprise of raw materials, Finished goods, Processing Material, Packing Materials and Stores & Spares. Raw materials and Stores and Spares have been valued at average cost. Finished goods have been valued at lower of net realizable value and total of cost of material and other production Overhead attributable to bringing the goods to the state of sale under the convention of BAS-2.

### 3.05 Accounts Receivable

Accounts receivable is initially recognized at cost which is the fair value of the consideration given in return. After initial recognition these are carried at cost less impairment losses due to uncollectibility of any amount so recognized.

### 3.06 Advances, Deposits and Prepayments

Advances are initially measured at cost. After initial recognition advances are carried at cost less deductions, adjustments or charges to other account heads such as property, plant and equipment, inventory or expenses.

Deposits are measured at payment value.

Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to comprehensive income.

### 3.07 Cash and Cash Equivalent

Cash and cash equivalent include cash in hand, cash at banks which are held and available for use by the Company without any restriction.

### 3.08 Contingencies

There is ongoing litigation against the Directors as well as Emerald Oil Industries Ltd. by Anti-Corruption Commission (ACC) and some other government parties regarding loan arrangement from BASIC bank against which a writ petition (No. 13250 of 2015) has been lodged. At this point management is unable to measure the obligation with sufficient reliability or ascertain the outcome of this litigation. Hence no provision for liability has been recorded. However, management hereby discloses the existence of a contingent liability regarding this issue.

### 3.09 Going Concern

Though the company made a net profit after tax of Tk. 180,721,878 during the year but the company could not repay its banks'/financial Institutions' loans in due time which resulted in anti-corruption commission filing a lawsuit against the Directors as well as the Company as detailed in 3.08. This resulted from company's liquidity being stuck up in the inventories, receivables and advances due to increase of the production by the company, advances given to suppliers for supply of raw material, generous credit terms allowed for market expansion. The management of the company are trying their best to overcome this situation and has decided to reorganize the management, arrange some other financing sources for smooth operation of the business. In the opinion of the management, the company shall overcome all the obstacles within the shortest possible time. Therefore, the management adopted going concern basis for preparation of the financial statement.

### 3.10 Income Tax & VAT

#### Current Tax

A provision @ 25% on 50% of the profit except other income of the company has been provided during the year as the 50% income of the company is exempted from tax for the year as per PARA 45 of Sixth Schedule Part-A of the Income Tax Ordinance, 1984. However provision 25% is made on total others income of the company.

#### Deferred Tax

Deferred tax is provided for all temporary differences comprising between the tax base of assets and liabilities and their carrying amounts in financial statements in accordance with the provision of BAS-12.

#### Value Added Tax (VAT)

No VAT is applicable on the sale proceeds of the company as the company's sales is exempted from VAT under Table-3, Heading No.-15.15, H.S.Code-1515.90.00 of SRO No. 180/Law/2012/638-VAT of the VAT Act, 1991.

### 3.11 Revenue Recognition

In compliance with the requirements of BAS - 18: Revenue, revenue from receipts from customers against sales is recognized when products are dispatched to customers, that is, when the significant risk and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable, the associated costs and possible return of goods can be estimated reliably, and there is no continuing management involvement with the goods.

### 3.12 Borrowing Costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of qualifying assets are recognized in profit or loss using effective interest method. Borrowing cost incurred against loan for BMRE project has been capitalized under effective interest rate method.

### 3.13 Statement of Cash Flows

Cash flow statement is prepared in accordance with BAS-7 titled "Statement of Cash Flow" and the Cash flow from operating activities has been presented under direct method.

### 3.14 Statements of Changes in Equity

Statement of changes in equity is prepared in accordance with BAS-1 "Presentation of Financial Statements". This statement reflects information about the increase or decrease in net assets or wealth.

### 3.15 Earnings Per Share

The company calculates its earnings per share in accordance with Bangladesh Accounting Standard (BAS) -33 which has been reported on the face of Statement of Comprehensive Income.

#### Basic Earnings Per Share

The Company present its basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

#### Diluted Earnings Per Share

No diluted earnings per share is required to be calculated for the period as there was no scope for dilution during the year.

### 3.16 Employee Benefit Schemes

Workers Profit Participation Fund (WPPF)

During 2011-12, The company has introduced Workers Profit Participation Fund for its employees in accordance with provisions of Bangladesh Labour Act, 2006 (Sec-232(1)).

### 3.17 Related Party Transactions

The Company carried out related party transaction only with key management personal. The information as required by BAS 24: "Related party Disclosure" has been disclosed in notes to the accounts (Note:33).

### 3.18 Events After the Reporting Period

In compliance with the requirements of BAS10: Events after the reporting period that provide additional information about the company's position at the reporting Date are reflected in the financial statements and there is not any adjusting events after the Balance Sheet date.

The board of directors of the company in its 79th Board Meeting held on 26 November 2016 has recommended 10% stock dividend for the year ended 30 June 2016.

### 3.19 Net Asset Value per Share (NAVs):

Net Asset Value (NAVs) per share has been calculated by dividing net asset value reported in the statement of financial position by the number of ordinary shares in issue.

### 3.20 Comparative

Comparative information has been disclosed in respect of the previous year for all numerical information in the financial statements and also the narrative and descriptive information when it is relevant for understanding of the current year financial statements.

Previous year's figure has been re-arranged whenever considered necessary to ensure comparability with the current year's presentation as per BAS-8: "Accounting Policies, Changes in Accounting Estimates and Errors"

### 3.21 Impairment of assets

#### I) Financial Assets

Accounts receivable and others receivables are assessed at each reporting date to determine whether there is any objective evidence of impairment. Financial assets are impaired if objective indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effect on the estimated future cash flow of that asset that can be estimated reliably. Objective evidence that financial assets are impaired can include default of delinquency by a debtor, indicates that a debtor of issuer will enter bankruptcy etc.

#### II) Non-Financial assets

An asset is impaired when its carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less cost to sell and its value in use. Carrying amount of the assets is reduced to its recoverable amount by recognizing an impaired loss is recognized immediately in statement of comprehensive income unless the asset is carried at revalued amount. Any impaired loss of a revalued asset treated as a revaluation decrease. During the period no impaired loss occurred to recognize in the Financial Statements.

### 3.22 Leases

In compliance with BAS 17, Lease in terms of which the company assumes substantially all the risks and rewards of ownership are classified as finance leases and all other leases are classified as operating lease.

### 3.23 Foreign Currency Transaction:

Foreign currency transactions are recorded, on initial recognition in the functional currency at the spot exchange rate ruling at the transaction date.

At the end of each reporting period, in compliance with the provision of BAS 21: The Effects of Changes in Foreign Exchange Rates, are determined as under :

- (a) Foreign currency monetary items are translated using the closing rate.
- (b) Non-monetary items that are measured in terms of historical costs in a foreign currency are translated using the exchange rate at the date of the transaction.
- (c) Non-monetary items that are measured at fair value in a foreign currency is translated using the exchange rate at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at rate different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in profit or loss in the period in which they arise.

## 4.00 RISK FACTORS & MANAGEMENT PERCEPTION ABOUT THE RISKS

An investment in Equity Shares is not always risk free. Sometimes it involves a high degree of risk. Before making an investment in the Equity Shares, please carefully consider all the information in this Prospectus including the risk and uncertainties described below. If any of the following risk actually occurs, our business, financial condition and results of our operations could suffer, the trading price of our equity shares could decline and you may lose all or part of your investment:

### 4.01 Interest Rate Risks

Financial market of Bangladesh has been experiencing volatile interest rate over the year. Unfavorable movement of interest rate enhances the cost of fund of the company and could adversely affect the business and future financial performance.

### **Management Perception**

Management of the Company is aware about the interest rate volatility and always sourcing bank loan at competitive market rate. On the other hand management emphasizes on equity based financing to reduce the dependency on bank borrowings. Nevertheless, it may not always be possible while funding of local procurement of raw materials is done against bank borrowings.

#### **4.02 Exchange Rate Risks**

The company faces foreign exchange rate fluctuation risk as the Company imports small portion of raw materials like hexane, phosphoric acid, bleaching earth, citric acid etc. against payment of foreign currency. Unfavorable volatility of foreign currency may affect the profitability of the company.

### **Management Perception**

Cost of imported materials for the company is insignificant compared to total cost of production. On the other hand, all other market players in edible oil industry faces very high exchange rate risk as they operate based on import of entire raw materials. This provides the company in a favorable position to manage exchange rate fluctuations.

#### **4.03 Industry Risks**

##### **(a) Competitive Market for Edible Oil**

Presently, Edible oil industry of Bangladesh is very much competitive. Soybean Oil and palm oil dominate the whole edible oil industry in Bangladesh. For the first time Rice bran oil emerged as an alternative to Soybean Oil and palm oil in our market. Demand, supply, consumption, competitive scenario, etc. of Rice bran oil are the triggering factors for successful operation of the company.

### **Management Perception**

Rice Bran Oil is currently being considered as the world's healthiest edible oil that contains vitamins, antioxidants, nutrients and free from trans fat. It can help lower cholesterol, fight diseases, enhance the immune system, fat free radicals and more. Rice Bran Oil is used to fry, sauté, in salad dressings, baking, dipping oils and where ever you use cooking oil.

Increasing health consciousness of general people and due emphasis of the Government in this sector, the demand for rice bran oil is growing very fast. These are important ingredients for defining unique selling proposition (USP) for marketing the products. The Company also foresees growing demand for its products. With the proposed expansion and strengthening financial condition due to the public issue the company will be in a very strong position to develop effective marketing strategies and compete in the market in order to grab emerging market opportunities.

##### **(b) Market penetration**

The company has recently introduced the rice bran oil in the market where the imported as well as local brands of rice bran/soyabean oil have already been dominating huge local edible oil market. In case the company fails to secure market for its products at the desired price, profitability as well as growth of the company may be seriously affected.

### **Management Perception**

Since commencement of operation the company is in a position to sale the entire product of oil in the local market. With the increasing awareness as well as continuing branding campaigns for the product the retail sale has been growing which is expected to increase further. In view of growing demand as well as higher margin in retail sales the management feels that profitability can be safely maintained in the future years.

### **(c) Sourcing of Raw Materials**

Main raw material for the project is rice bran which is available locally. The company collects rice bran usually from five nearer districts (i.e. Sherpur, Mymensingh, Tangail, Natrokona, Jamalpur). Except rice bran, the project requires hexane, phosphoric acid, bleaching earth, citric acid etc. as raw materials, which are usually sourced from abroad.

#### **Management Perception**

The risks on sourcing raw materials are very limited. There are 460 auto rice mills in these five districts and these mills produce around 3,11,645 kg of rice bran every day (Source: Bangladesh Rice Mills Association). The sponsors of the company developed very strong network with most of these rice millers. As a result, the company has been enjoying smooth flow of raw materials since inception of the company and expected to continue the same.

### **4.04 Market and Technology-Related Risks**

Technology plays an important role for the existence of a company. Innovation of a new and cost effective technology may render the existing technology obsolete, which may cause negative impact on the performance of the company.

#### **Management Perception**

Management of EOIL is very much aware of this risk. The company took initiative to expand its production capacity with the latest technology to minimize the market and technological risk.

### **4.05 Potential or Existing Government Regulations**

Adverse Changes in the regulations governing the edible oil and compounded animal feed industries may bring adverse effect on our business growth, financial condition and operational performance.

#### **Management Perception**

The edible oil industry is one of the high regulated sectors in Bangladesh and has stringent laws for consumer protection. Any change in the statutory and regulatory framework for edible oil as well as the compounded animal feed industry will have impact on the business of all market players almost equally.

### **4.06 Potential Changes in Global or National Policies**

Performance of the Company will be hampered due to unfavorable changes in national as well as global policy. Furthermore, the performance of the Company may adversely affect due to unavoidable circumstances like political turmoil both in Bangladesh and worldwide.

#### **Management Perception**

Any change in the global and national policy will affect all the market players almost equally. However, impact of change in global policies will be very negligible because EOIL operates its business based on local raw material. On the other hand, rice bran oil is the new introduction in Bangladesh. Hence, as far as national policy is concerned, rice bran oil sector is not expected to face any adverse effect in near future.

### **4.07 Operational Risks**

Shortage or non-availability of power and gas may adversely affect the manufacturing processes of the factory. In addition, shortage in treated water, flawed machineries etc. may disrupt the company's operational activities which in turn will affect the quality of refined rice bran oil.

### **Management Perception**

Manufacturing process of our Company requires substantial amount of power, gas and fuel. To facilitate the manufacturing facilities, company has adequate power backup from own fuel generator along with adequate Rural Electrification Board of Bangladesh (REB) load sanction. In addition, the company gets required water from its own water treatment plant. However, shortage of gas supply may increase our dependency on the usage of furnace oil which will increase our cost and may have an adverse impact on our profitability.

#### **4.08 Non-operating History**

Any interruption in the operations of the company affects the company's image as a going concern. This is crucial for every company to operate its business activities in an ongoing basis albeit saving for the scheduled shut down for maintenance. Failure to do so would result in loss in profitability in the long run . Emerald Oil Industries Ltd. was not in production from the end of June 2016 due to yearly maintenance and servicing of its machineries.

### **Management Perception**

The company is operating normally.

#### **4.09 Dependability on Agricultural Production (Paddy)**

The business of EOIL is very much dependent on agricultural production particularly Paddy. If the paddy production is hampered due to any environmental reasons then the production of main raw material of rice bran oil i.e. rice bran will be also hampered. As result, production of EOIL will be affected due to lack of main raw material i.e. rice bran.

### **Management Perception**

If there is a shortfall of paddy production due to adverse climatic conditions, performance of our company may also be affected adversely. Any significant increase in the prices of these raw materials or decrease in the availability of the raw materials could also adversely affect our results of operations.
